

REACH FINAL AGREEMENT ON NAVIES

BIG THREE REACH AN UNDERSTANDING AS TO AMERICAN 5-5-3 RATIO

Next Step Will Include France and Italy—
Japan Allowed to Retain Her Newest Battleship the Mutsu—Reach Understanding on Fortifications of the Pacific Islands

WASHINGTON, Dec. 15.—The first great stride toward a five-power treaty limiting naval armaments was taken tonight when the United States, Great Britain and Japan announced a final agreement on the American 5-5-3 ratio. The next step—elaboration of the agreement to include France and Italy—was initiated immediately within the new naval committee of fifteen in which all five powers are represented.

Agreement among the three major naval powers was reached on the basis of a status quo understanding as to fortification of the Pacific Islands. At the same time the United States and Great Britain acceded to Japan's desire to retain her newest battleship, the Mutsu, with proportionate changes in the American and British fleets. In announcing the three power agreement to the committee of fifteen the following official explanation was made:

"This arrangement between the United States, Great Britain and Japan insofar as the number of ships to be retained and scrapped is concerned, depended upon a suitable agreement with France and Italy as to their capital ships."

SAY EARNINGS DO NOT JUSTIFY ANY RATE REDUCTIONS

Commission Hears Testimony of Railroad Heads

WASHINGTON, Dec. 15.—Railroad earnings, past and present, fail to justify general decreases, of rates, George M. Shriver, vice-president of the Baltimore and Ohio; Benjamin Campbell, vice-president of the New York, New Haven & Hartford and Thomas C. Powell, vice-president of the Erie, testified today at the Interstate Commerce commission investigation into the reasonableness of the present level of all transportation rates.

Mr. Shriver, speaking for all the roads as chairman of the railroads' executive association in concluding his testimony declared that decreases might take place "in the not far distant future."

Under the commission's rulings cross examination of three witnesses was deferred to January when states, municipalities and shippers will be heard.

Mr. Shriver based his conclusions on statistical presentations to the effect that in the twelve months ending September 30, 1921, earnings of class one roads amounted to \$512,409,000 which, he declared to be but 2.75 per cent on estimated property investment as compared with the transportation act clause providing for a six per cent return. In spite of lower costs for wages and materials he said roads in the east—district if given during the next year the same traffic they enjoyed during the last would run but 5.4 per cent.

Mr. Campbell declared that New England roads must secure a complete new rate structure in advance of any rate alterations to secure larger division on joint rates.

He advocated higher rates on less than carload shipment, upon first class passenger fares, and upon express shipments and added that losses were encountered in transporting mail.

State railroad commissions have organized to present their case in the investigation and have selected a managing committee composed of Fred W. Putnam, Minnesota; Fred M. Woodruff, Iowa; and Clyde M. Reed, Kansas.

MASKED BANDITS SHOOT VICTIM

Peoria, Ill., Dec. 15.—Two masked bandits tonight held John Patate, a miner, in East Peoria's "bad lands" and when he offered resistance was shot and probably fatally wounded. Patate had been in one of his shoes which the bandits overlooked.

FARRINGTON IN STATEMENT TO LOCAL OFFICIALS

Characterizes Lewis' Order as Hellish Autocracy

SPRINGFIELD, Ill., Dec. 15.—Rebellion against "hellish autocracy" was defended here tonight in a statement issued by President Frank Farrington, of the Illinois Mine Workers, whose executive board yesterday refused to comply with the demand of the international union, that financial support for striking Kansas miners be withdrawn.

"Illinois miners," Mr. Farrington wrote, addressing all local officials in the state, "are enjoined from feeding the Kansas miners, or to use the language of its framers from 'in any manner whatsoever giving aid or comfort to the Kansas miners,' which means that the Kansas miners must abandon their strike against the industrial court act and return to the mines in humble submission or be left to starve in the cold, blizzard-swept plains of Kansas."

"The worst injunction judge in the world could not have been more autocratic or have treated them more viciously. This is all because of a political conspiracy within our union to discredit and destroy Alexander Howat. In God's name where are we headed for? Are the Kansas miners so bad as to deserve such treatment? Can there be peace and harmony where such inequality exists? Is there a red-blooded man in our union that would not rebel against such hellish autocracy?"

Anderson More Human

"Harsh, bitter enemies of unionism to he be, hostile to his attitude has always been, Judge Anderson seems to be more human and less heartless than President Lewis and his associates."

"The Kansas miners are not trying to maintain a dual organization as alleged by President Lewis. They struck for four, long years, from 1899 to 1903, and during all those years they suffered and went barefoot and ragged and hungry, and saw their women and children become weakened with privation and many of them die. They endured all the hardships and persecutions of the present-day strikes to win the right to belong to the United Mine Workers of America. From the day in 1903 when they won their victory until now, they have faithfully answered every call made by the United Mine Workers of America and that is the organization they want to maintain. To say they are trying to maintain a dual organization is a slander too damnable for belief."

WARRANTS ISSUED IN KANSAS STRIKE

(By The Associated Press)

PITTSBURG, Kans., Dec. 15.—State warrants were issued tonight for three men, said to be responsible for disturbances in the Kansas coal fields and will be served tomorrow, Attorney General Richard J. Hopkins of Kansas announced. He added that additional warrants would be issued tomorrow and that he would aid in the prosecution of the cases.

Members of unions working in seven mines late today voted to return to duty tomorrow. They were driven away earlier in the week by the activities of the women demonstrators.

There was no intimation to night of whether the women would attempt to resume their campaign tomorrow.

ERIE CLERICAL FORCE IS PUT ON HALF TIME

(By The Associated Press)

NEW YORK, Dec. 15.—Clerical forces on the Erie Railroad beginning tomorrow will be reduced to half time working schedule for the balance of December, the road announced today. The order affects about 5,000 employees.

An official of the road said the curtailment was an economy measure due to depression in business. It was not desired to discharge any of the employees, he said and this step was taken in order that all might be retained on the payroll. The question of whether the half time system would be extended beyond January 1, was one which could be answered only by the condition of business at that time. It was stated.

BRIEFS

(By The Associated Press)

BELVIDERE, Ill., Dec. 15.—Rev. Francis Marion Yates, of Chicago, aged seventy-three, was stricken with heart disease at revival services conducted by "Gypsy" Smith, last night and died. He was a retired University minister.

CHAMPAIGN, Ill., Dec. 15.—The First National bank at Ivesdale, twenty miles southwest of here, was entered by burglars, early this morning. The vault was chiselled into but the safe, which contained money and bonds, was unopened. Nothing of value was taken. The thieves left town in an automobile, taken from a garage at Ivesdale.

ROCKFORD, Ill., Dec. 15.—Herbert Steward, eighteen, a cripple, was found guilty of manslaughter in the slaying of Mrs. Frank Armstrong and given five years in prison. Steward killed Mr. and Mrs. Armstrong, who were his relatives and guardians with a shot gun. He said they beat him.

WASHINGTON, Dec. 15.—A tentative value of \$3,182,660 was fixed by the interstate commerce commission today for the transportation property owned and used by the Southern Illinois & Missouri Bridge Co. The corporation has issued \$3,220,000 in securities against the property.

WASHINGTON, Dec. 15.—Use of the treasury's new thrift bonds for Christmas presents was advocated today by Secretary Mellon. The new series of treasury saving certificates placed on sale today for the first time, Mr. Mellon said, would make it possible to give a \$25 Christmas present for \$20 as the new certificates are being sold at a discount from their redemption value at the end of five years.

CHICAGO, Dec. 15.—The Cotta Transp. Co., of Rockford, Ill., the affairs of which have been in bankruptcy for over a year, was authorized to be sold for \$175,000 to Thomas C. Swords, representing a Rockford syndicate, in an order entered today by Referee in Bankruptcy Frank Wean.

The company manufactured transmission for heavy duty trucks. Over twelve bids were made, \$175,000 being the highest.

Mr. Swords represents a newly formed syndicate of twenty-five Rockford business men.

PEORIA, Ill., Dec. 15.—The moving picture is no haven of refuge or asylum to harbor wrong doers, and exhibitors will not tolerate a commercialization of offenses against society and common decency, thru exploitation in films, declared Sydney S. Cohen, president of the Motion Picture Theater Owners of America, this morning, just before the opening of the state meeting of Illinois Motion Picture Exhibitors' association here.

CHAMPAIGN, Ill., Dec. 15.—Bright Shyl, University of Illinois Jersey cow, holds the world's record for milk production of living Jersey cows as a result of a 365-day record of 8,347 4-10 pounds of milk which was completed yesterday. In addition to the record for milk production, the cow has a record of 863 9-10 pounds of butter fat for the last year.

MEMBER OF HOUSE COMMITS SUICIDE

(By The Associated Press)

WASHINGTON, Dec. 15.—The body of Representative John A. Elston of California was found floating in the Potomac river late today. A note found in the congressman's coat said he was caught in "a chain of circumstance which spelled ruin."

Mr. Elston it was said tonight disappeared Tuesday morning but was found by detectives that evening. Within a few hours however, he again disappeared and that was the last seen of him. It is believed that he plunged into the river late that night. He apparently had been suffering mental depression.

Failure of the government to undertake extensive development of the Alameda, Calif., naval base project was understood to have been a cause of great concern to him.

BORAH WOULD VOTE TO CANCEL DEBT

(By The Associated Press)

New York, Dec. 15.—Senator William E. Borah of Idaho declared in an address tonight that he would vote in the senate for cancellation of every dollar of Europe's debt to this country if Europe would "put herself right" by revising the Versailles treaty "so that the masses of her people could benefit in the original spirit of peace."

SUPPORTER OF ULSTER SAYS HE IS FOR TREATY

Andrew Bonar Law Makes Statement in Commons

LONDON, Dec. 15.—The event of the day in connection with the Irish settlement, was the decision of Andrew Bonar Law, unionist former government leader in the house of commons and one of the strong men on the Ulster side, to accept the treaty and, if not, to invite Ulster to come into the settlement. At all events, to counsel acceptance of the boundary commission with the Marquis of Londonderry, in the house of lords, when hinted Ulster might reject.

Mr. Bonar Law had been confidently relied upon by the "die hards," if he spoke at all to support Lord Carson, in opposing the treaty or at the worst, to remain neutral. His speech had taken much of the force out of the Carsonite attack and is considered to have insured ratification of the treaty by an overwhelming majority in the house of commons.

The vote is expected to be taken in both houses of parliament tomorrow afternoon, when Lord Birkenhead may reply to Lord Carson, the two men having been closely associated in Ulster's anti-home rule campaign.

Winston Spencer Churchill, secretary for the colonies, and Herbert H. Asquith, in the house of commons, warmly defended the treaty.

Viscount Bryce, in the house of lords, admitted that the treaty was imperfect in form but contended that England was great enough to try the experiment of throwing the responsibility of its own administration on Ireland.

When the commons adjourned tonight, Austen Chamberlain, the government leader, admitted that it was undesirable that parliament should be prorogued before the result of the discussions at Dublin were known, therefore, it might be necessary that the session be carried into next week.

But amid loud cheers, he declined to admit that the house ought to wait for the Dublin decision before voting on the question of ratification. On the contrary, he thought the house ought to express its view without waiting for the Dail Eireann; therefore the house would sit tomorrow evening as long as might be necessary.

Sir James Craig's official rejection of the treaty has now been published. In his letter, the Ulster premier declares that all the government's pledges to Ulster have been violated and that it seems that Ulster will not be able even to enter the Irish free state.

INSANITY PLEA IN CHURCH CASE

(By The Associated Press)

CHICAGO, Dec. 15.—Miss Isabelle Church, sister of Harvey W. Church, who is on trial for the murder of Bernard J. Daugherty, an automobile salesman today testified that her brother had told her five days before the murder of Daugherty that he was going to have another automobile before long.

Miss Church made this statement while under cross-examination of William Stewart, assistant state's attorney.

E. O. Church, Harvey's father, told of his son's numerous falls while a boy. Once the body fell down the cellar stairs landing on his head, he said. The forepart of Harvey's skull had been pushed over his eyes, but Mrs. Church had assisted him in pushing it back into place and all appeared to turn out well, he said. Harvey had always been a delicate child from birth he testified.

Court adjourned for the day immediately after Mr. Church's direct testimony. First witnesses for the defense were heard today the prosecution having closed its case yesterday. Attorney Bartel for the defense today disclosed that hereditary insanity would be one of the defense pleas but that despite this claim no admission of the slaying of Daugherty would be made.

WELL KNOWN FINANCIER DEAD

(By The Associated Press)

Peoria, Ill., Dec. 15.—Word was received here early today telling of the death of John H. Hunkate, vice-president of the Peoria Life Insurance company, president of the First National Bank of LaHarpe, Illinois and owner of the electric light company of LaHarpe. He died in a hospital at Keokuk, Iowa.

TOMMY O'CONNOR CLINCHES CLAIM ON HIS SOBRIQUET

Records Show That He is "Absent by His Own Fault"

CHICAGO, Dec. 15.—"Lucky Tommy" O'Connor who was to have been hanged today for the murder of a Chicago detective laid tighter claim to his sobriquet when he was credited with being "absent by his own fault" in the records showing why he failed to take his place on the gallows. Hundreds of police and detectives in many cities continued to trace "tips" as to the whereabouts of the slayer, who, with two companions escaped from the Cook county jail last Sunday, while orders were entered in court showing O'Connor is a fugitive and ordering a hearing on a motion to set a new date for the hanging if he is captured. These orders according to Lloyd Heth, assistant state's attorney are all that will be necessary to carry out the execution if O'Connor is caught later.

Other features in connection with the jail delivery today included a warning received by Mr. Heth that there was a plot to kill him and a statement by James Gohens, a negro, who said that last Saturday he saw a revolver and black jack in the possession of David Strauss, the first guard attacked by O'Connor. Strauss is being held. Guards, according to jail officials are not allowed to have pistols.

Reports that "love trysts" were permitted at the jail between men prisoners and their wives or sweethearts, were commented on today by Sheriff Peters who asserted that laxity in jail government is due to the difficulty in getting sufficient capable men to conduct it. Police also disclosed today that they were hunting "Tommy" Tuohy and George Moran, said to have raised over \$20,000 to defend O'Connor after his arrest in St. Paul last summer.

GERMANY WILL NOT BE ABLE TO MEET HER OBLIGATIONS

Can't Pay Reparations Payments in Full She Says

(By The Associated Press)

PARIS, Dec. 15.—Germany will not be able to meet in full her reparations payments of 1,000,000,000 gold marks, falling due Jan. 15 and Feb. 15, and has so informed the allied reparations commission.

A moratorium is not asked for by the German government in its note which merely lays Germany's financial situation as existing at present, before the reparations commission, as evidence of Germany's inability to meet the forthcoming instalments, each of 500,000,000 gold marks.

Neither is any release from her obligations requested by Germany, which apparently has left the matter entirely in the hands of the reparations' commission. The reparations' commission probably will meet immediately to consider the contents of the note which will be referred to the allied governments.

The note, it is said, to have declared that Germany has succeeded in raising "certain portions" of the funds necessary to meet the payments but is unable to obtain the balance, either thru loans, external or internal, or by other financial measures.

CLAMP PROHIB LID ON IN CHICAGO

(By The Associated Press)

CHICAGO, Dec. 15.—The prohibition lid was clamped tight on Chicago tonight, according to Police Chief Fitzmorris, who issued a circular order to commanding officers of the police department that all violations of the prohibition law must end. The chief announced that officers and men in each police district will be held strictly responsible for enforcement of the law and that those who fail to obey the order to the letter will be ousted from the department.

The chief said his own investigators would aid in checking the efforts of the men in carrying out the order which was issued after he had read an opinion handed down by the corporate council holding that the police department should enforce the law.

"I am clamping the booze lid on so tight that it will squeal," he said. "I am in favor of this law and will see that it is fully enforced."

Asked why he had waited so long, the chief said: "I promised the people that I would cut down major crimes in the city and having accomplished this I now have time to go after the booze sellers."

MORTIMER DEFENDS INDICTMENTS AGAINST SMALL AND CURTIS

State's Attorney Contends They are Drawn in Proper Form and Returned by a Legally Selected Grand Jury—Denies the Claim That Defendants Could Not Get Fair Trial

WAUKEGAN, Ill., Dec. 15.—Indictments against Governor Len Small, Lieutenant Governor Fred E. Sterling and Vernon Curtis, Grant Park, Ill., banker, charging them with embezzlement of state funds, conspiracy and operating a confidence game, were defended today by C. Fred Mortimer, state's attorney of Sangamon county, in the opening argument of the state in opposition to the defense motions to quash the charges.

The indictments he told Judge Claire C. Edwards, were properly drawn and returned by a legally selected grand jury. The special report of the grand jury purporting to set forth the evidence on which it acted, Mr. Mortimer declared, was "not illegal or prejudicial to the defendant's interests and right of fair trial."

The Sangamon county state's attorney denied the defense claim that the governor and Mr. Curtis could not get a fair trial any place in Illinois and asserted the theory advanced by lawyers for the governor at the time of his indictment that the "king can do no wrong" had attracted far more attention to the case against the governor than the grand jury's special report or the indictments themselves.

"No man will do more than I," Mr. Mortimer said, "to help Mr. LeForsge, Mr. Schroeder and Mr. Beaubien (the governor's lawyers) see that Len Small gets a fair trial and gets justice."

Edward Pree, Mr. Mortimer's assistant, taking up court decisions cited by the defense last week in support of the motions to quash the indictments, declared only a portion of the decisions had been read to the court and that the portions read were more than offset by the remainder. The state recalled Charles W. Byers, county clerk of Sangamon county, to the stand to change his testimony of last week, when, under cross-examination by Mr. LeForsge he declared he did not know of any alterations in the minute book of the Sangamon county board of supervisors and could not detect alleged alterations which the governor's chief counsel sought to point out to him. Today Mr. Byers testified he found on his return to Springfield last week that Miss Ethel S. Bucklin, his stenographer had added the words "September 16th, 1920," at the end of the minutes of the board meeting of September 14, 1920. The sentence had read "on motion of Mr. Becker, the board adjourned to meet Thursday morning."

The defense contended the failure to state the adjournment date constituted a sine die adjournment and rendered everything done by the board from September 14 to its next regular meeting in the following April illegal. It was during this period that the board selected the grand jury which indicted the governor, lieutenant and Mr. Curtis.

Discovered by Stenographer

Mr. Byers testified today that his stenographer discovered the omission of the date during July or August of this year and under adding instructions from him added the words in dispute, using a typewriter with a ribbon of a different color from that used in the original entry. The defense questioned Mr. Byers about his signature at the end of the minutes, after he testified he had not seen the book until two weeks ago, but the witness explained the signature had been written at that time.

Judge Edwards asked Mr. Byers when he had arrived at the conclusion the words "September 16, 1920" were written in a different color ink.

"I have never arrived at a conclusion on that point," the witness replied.

"You don't admit that yet," the court asked.

"It must be, they are written at a different time," Mr. Byers replied.

"The other day when this light was here, artificial light, I was unable to discover definitely. I will say this, I felt that my official integrity was questioned and I was very much affected at the time. I did not examine it as closely as probably I should because I felt they were trying to get me to admit something that was wrong, and I could not understand it. I want the court to know the facts. I want both sides to know I have nothing to cover up."

The state also put Judge Roger C. Chapin of the Sangamon county probate court, on the stand to (Continued on Page Four.)

MINE WORKERS SEE VICTORY IN COURT DECISION

Checkoff Case is Remanded for Further Hearing

(By The Associated Press)

CHICAGO, Dec. 15.—Officials of the United Mine Workers of North America tonight professed to see a signal victory in the decision of the United States court of appeals here today which ordered a reheat of the injunction banning the checkoff system of collecting union dues. The case was remanded to Judge A. B. Anderson of Indianapolis who issued the injunction.

Judge Anderson was ordered to issue a preliminary injunction along lines outlined by the appellate court while the case is being reheard. The appellate court took the case under advisement several weeks ago and issued an order suspending the original injunction as it related to the checkoff system, pending a decision.

The court of appeals found the Anderson injunction faulty because it was too general. It held the circuit court also in error in enjoining the performance of the existing checkoff in the central competitive field, claiming that companies in the field were not even listed in the original bill.

The decision of the appellate court, according to union officials probably prevented a strike as miners were ready to walkout if the checkoff system of collecting dues had been denied them, it was asserted.

BOTH SIDES STILL CLAIM EVERYTHING

(By The Associated Press)

CHICAGO, Dec. 15.—Spokesmen for the packers announced today that packing plants here are operating "on an approximate normal basis," while officials of the Amalgamated Meat Cutters and Butcher Workers of North America, said the strike "looked better than ever."

The endurance test into which union leaders say the strike of packing plant workers has developed, was enlivened here tonight by the first disorders since last week. Two men were beaten by strike sympathizers and a brick was hurled through the window of an automobile as it was driven past a crowd of persons believed to have been strike sympathizers. As the number of police guarding the packing house district, has been greatly reduced, as quiet has prevailed here all week.

The situation in other packing house locations was reported practically unchanged.

In several Illinois cities, portable school houses are in use, many necessary by the increase in the number of pupils and the lack of permanent buildings. The houses located in Jacksonville are found themselves in that same condition, needing portable additions to the buildings, unless the state or the institutions rally their support and make new things possible.

A GOOD COUNTY SHOWING

In Macon county, road building machinery was purchased by the county and it is claimed that the construction of five miles of road that \$12,000 has been saved for the county. These figures are possible by comparing the cost of the work with the bids made by general contractors. The good record of Macon county is equalled by other counties, contractors will do well to get closer on these highway jobs. The law, fostered by the present state administration, which makes it possible for counties to engage in the construction work, is a salutary thing and will tend to keep con-

tractors' estimates within reasonable bounds.

IRON OUT LOCAL DIFFERENCES

It is the announced program of the state to complete 1,000 miles of hard roads in the year 1922. This means that more than 500 miles for which contracts have already been let or on which work has been begun will be finished and that another 500 miles of new work will be undertaken. Hard road construction will be in progress in all the 102 counties, so it is very clear that the extent of the program will require a vast force of contractors and workers.

The natural result will be to push the program in the localities where hard road development is really wanted, will take the course of wisdom if they quickly iron out any differences of opinion about the right of way. The state authorities cannot be blamed if they pass by localities where differences exist and push the construction program in other localities where there is full agreement and co-operative action.

THE ADVICE OF EXPERTS

The sewer committee had the advantage of a visit from Mr. Habermeyer of the state water survey. Mr. Habermeyer, after some hours of inspection, had no hesitation in saying that the city has very definite needs for improvement in its sewerage conditions as a matter of public health and to afford the basis for further growth. The committee is evidencing its desire to present the facts to the people in a way which will carry conviction, and it is the intention to have other experts become familiar with the local situation so that the composite wisdom of these men of large experience may of use to the peo-

ple here in taking the right action in this big sewerage question.

HEALTH CAMPAIGNS BRING RESULTS

The country-wide health campaigns must be having their effect in better conditions if one may judge from statistics. Nothing is more accurate in this regard than the records of insurance companies. Figures presented recently by thirty-seven well-known companies show that the year just closing is the healthiest in the history of the country. In a ten months' period, the decrease in the death rate among policy holders, which was 9.50 per 1,000 in 1920, decreased to 8.24 per 1,000. The policy holders of these companies number more than 27,000,000, so that the statistics are indicative of national health conditions.

Work for the prevention of disease and for better understanding of healthful conditions has made wonderful advances in very recent years and there are great possibilities for the future in these public health programs.

DIRECTORS OF SOCIAL SERVICE LEAGUE MET

Called Meeting Held Thursday Night. When Report of Miss Fowler, Secretary, is Presented

Directors of the Social Service League met in called session Thursday evening at the league rooms. Various matters of business were given consideration and the statistical report of Miss Fowler, the secretary, was presented for the months of October and November. These figures indicate that a great amount of work has been done in the various departments during the past weeks and that the league is filling a long felt want.

The report of the family welfare department indicated that during the month of October 29 families received material relief, while 75 families received personal relief. In November there were 35 families in the former class and 64 in the latter. Five cases of unemployed persons were given attention in October and 6 in November, while there were eight cases of physical disability in October and five in November.

From the store room there were given out 61 garments and 8 pairs of shoes during October, and in November 34 garments and 13 pairs of shoes. In the latter month five families were given food. A total of 54 Thanksgiving baskets were distributed by the Social Service League and 25 by other organizations or individuals.

The report for the probation, city matron and truancy departments all gave evidence of the large number of cases in which the league is lending valuable assistance.

FARMERS INSTITUTE HELD IN SCOTT COUNTY

Program Included Interesting Addresses and Discussions—Prizes Awarded for Exhibits.

Winchester, Dec. 15.—The Scott County Farmers Institute and department of household science which opened here Wednesday in the court room for a two days' session was largely attended and marked by unusual interest. The institute opened at 10 o'clock Wednesday morning and the first address was by W. E. Riegel of Tolono, Ill., whose theme was "Fertility Value of Soy Beans." This was followed by an address by Dr. W. L. Burlison of Champaign, who discussed "Rots of Corn."

The Wednesday afternoon program opened with a vocal solo by S. G. Smith, followed by a reading of "How to Grow Soy Beans" by W. E. Riegel. Then Dr. Burlison further discussed "Rots of Corn." A ladies' session was held during the afternoon, when an address was given by Mrs. Frank L. Mann on "A Little Journey Thru the Home."

The evening session began with music by the high school orchestra. Then Prof. A. W. Nolan of Champaign gave an address on "Modern Pioneers" and Mrs. Mann spoke on "A Woman's Problem." Thursday there were morning and afternoon sessions. At the morning hour an address was made by W. J. Carmichael of Chicago on "Swine," and Dr. Burlison spoke on the general subject of crops.

Mrs. Guy Husted gave a vocal solo at the afternoon session and Mr. Carmichael again discussed swine. In addition there was an address by Dr. Burlison, who talked of "Soils." At the ladies' session Mrs. Mann's address was on "A Farm Woman's Garden." The exhibits were especially fine and the work of the judges in awarding prizes was difficult. The following is a list of the prizes awarded:

BAZAR AND SUPPER AT MURRAYVILLE HALL

Domestic Science Club Gave Bazar, Chili Supper and Program at Carlson's Hall Thursday Evening—Proceeds for Sanatorium Fund

The Domestic Science club of Murrayville met with great success in the bazar, chili supper and program given last night at Carlson's hall. The attendance was gratifying and the patronage liberal. The events were given for the purpose of raising money for the sanatorium fund and a very substantial sum was realized for this worthy cause.

The events were under the general direction of Mrs. J. L. Solomon and Mrs. Maude Rimbey. The bazar opened in the early afternoon with a great assortment of useful and fancy articles offered at attractive prices. This feature was in charge of Mrs. W. W. Walker and Mrs. H. G. Strank.

Supper was served at 5:30 o'clock, the committee in charge of the supper including Mrs. S. P. Sooy, Mrs. S. B. Robinson, Mrs. I. D. Mawson, Mrs. William Wade and Mrs. Mary Wright. In charge of the dining room were Mrs. Arthur Seymour and Mrs. L. A. Collins, with an able corps of assistants.

The following program was presented in the evening Mrs. J. H. Fuller being the chairman of the program committee: Mrs. J. H. Fuller is chairman of the program which follows:

Selection by high school orchestra. Song—Miss Emily Doyle. Reading—Miss Carrie Frances Strang. Song—Mrs. Dorothy King. Reading—Mrs. Arthur Seymour. Selection—By High school orchestra.

Reading—Margaret Mawson. Musical Reading—David Fuller. Boy Scout drill—Bugle call. Gene King; Scout oath and laws. Lloyd White; significance of the bridge; Francis Carlson; composition and history of the American flag, Ralph White; signaling, William Wood and Gene King. Musical reading—Jane Wright.

At the close of the program, came an old-fashioned spelling match, conducted by Supt. J. A. Leitz, of the Murrayville school. First honors were won by Miss Clara Hillard, who was awarded a handsome box of stationery.

ARTISTIC PROGRAM GIVEN LAST NIGHT

Mrs. Merriman, Pianist, and Mrs. Elliott, Dancer, Appeared at Music Hall, Illinois Woman's College — Was Given Under Auspices of Trinity Guild

Artistic in every way was the joint recital given Thursday evening by Mrs. Blanche Sherman Merriman, pianist, and Mrs. Dorothy Sherman Elliott, dancer, in the well-filled Music hall of Illinois Woman's college. The program was presented under the auspices of Trinity Guild.

From the first moment, Mrs. Merriman played, one recognized her power of understanding and wonderful technique. Mrs. Elliott showed a mastery of the most difficult phases of dancing, with a natural, easy grace and perfect rhythm.

The charming informal explanations of the numbers given by Mrs. Merriman before each group brought the audience and the artists into a friendly sympathy. The program on these two aspects of art was built up from the lighter compositions to the more violent forms of feeling. Through it all was evidenced a love of their work and a graceful technique.

Mrs. Merriman's treatment of modern selections was all that could be desired. Of the first group, the Brahms' "Lullaby" was the loveliest. The interpretation, by the dancer, of "Serenade," by Rachmaninoff, was enhanced by her gorgeous eastern costume. Easy grace and co-ordination of movement marked her "To a Waterlily" dance.

A deeper note was reached in the program when Mrs. Merriman played Beethoven's "Sonata, Op. 57," with marvelous feeling. Mrs. Elliott, a joyous sprite in white ballet skirts, gave the next group, showing here her complete command of the art of toe dancing. Perhaps the best liked of the lighter pieces was "La Journee de l'Enfant," by Dubois, given with clever explanations by the pianist.

By request, several numbers had been added to the program. "Bitterbitter," by Henriques, three-tone pictures, "I Love," by the same composer, and "Smetana," by Valerik. The program ended with a tangos, by Albeniz, interpreted by Mrs. Elliott, with a lithe grace.

All who were fortunate enough to be present were immensely delighted with the evening's program.

HONEST HUTCH

Adapted from the Story, "Old Hutch Lives Up to It" By Garrett Smith

Old Hutch was so dog-gone lazy that folks used to say he wouldn't have gumption enough to say "here!" when Gabriel blew his horn. He was shiftless, soddin' grumpy and unloved—until a sudden twitch in Fate's looming of his life made him upright, active and respectable. The story of this homely miracle makes what we think is the finest comedy ever shown in this city and the most wonderful piece of acting since Joe Jefferson's "Rip Van Winkle."

ZIONISTS WILL INVADE WISCONSIN

ZION, Ill., Dec. 14.—Glenn Voliva is now mapping out a thorough campaign of the entire state of Wisconsin. He has announced that he will hold a big rally in Milwaukee, March 12, and will be accompanied on that date by the Zion white-robed choir of 500 voices, Zion orchestra, Zion guards and a number of women workers.

Deaconesses Helen Buhmann and Belle Schelhorn, known in New York as the "Zion angels," have already been dispatched to Milwaukee and they began operations as an advance guard today. The deaconesses were famed in New York for their strong blue law tendencies, they being opposed to vulgarity in dress, dancing, theaters, etc., and while in New York they drew forth an army of reporters and a battery of camera men.

After the Milwaukee campaign, Voliva will turn his attention to Illinois and will hold a big rally in Chicago on April 9 when he will also be accompanied by the choir, band and orchestra.

"You've got to get out and dust," he said as he discussed his plans.

NEWSBOYS BENEFIT BY HEALTH TESTS

CLEVELAND, Ohio, Dec. 14.—A series of tests, conducted by a Cuyahoga county public health association, which just ended, resulted in thirteen newsboys gaining a pound a week in weight. Eight-tenths of a pound a month is the normal gain for boys of their age, it was stated.

Of two teams of newsboys, a score in all, which started out on a five-weeks' test, thirteen finished. During the test the boys abstained from drinking coffee, tea and from smoking, and drank a pint of milk a day.

KNIGHTS TRIM WAVERLY FIVE

Local Tossers Take Measure of Visitors By Score of 34 to 16—First Half was Close But Knights Ran Wild in Second Half.

The Knights of Columbus handed the Waverly K. P. basketball five a beating in Liberty hall Thursday night, the final score being 34 to 16.

The game moved along on fairly even terms the first half, the score being 12 to 10 in favor of the Knights of Columbus. However, in the second half the local tossers ran much and buried Waverly under an avalanche of baskets.

Zell, Carson, Clancy, Wolfe and Cain all took a hand in the scoring for the Knights of Columbus, Zell leading with a total of 7 baskets. For Waverly Rourke, Harrison and Kennedy scored the points.

While the game was fast it was a cleanly played one, the fouls being well scattered. All of them were made by the Knights of Columbus and enabled Waverly to add four points by the free throw route. The score:

The One-Ton Truck

The Ford One-Ton Truck first made its appeal to the farmer and the merchant because of the merits of Ford Cars. And it made its wonderful reputation and great sales record because it lived up to every claim made for it.

The reliable Ford Motor, the special Ford steel chassis, the aluminum bronze worm-drive, all combine to produce a truck of unusual power, capacity and strength—a truck that lasts in service; a truck that solves the haulage problem at a very small operating and upkeep expense. Hence the demand for the Ford One-Ton Truck is constantly on the increase.

For the good of your business, whether it be farming, merchandising or manufacturing, you should come in and look over the Ford One-Ton Truck—NOW!

IMPORTANT

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

testify regarding the adjournment date of the board. Judge Chapin was head of the board at the time. Affidavits of a number of Springfield and Chicago newspapermen were introduced in an effort to offset the claim of the defense that the newspapermen were advised in advance the grand jury would return a special report and were given copies of it prior to its introduction in Judge Smith's court at Springfield. The defense last week offered the affidavit of the city editor of a Springfield paper in which he described the alleged arrangement by which he was notified by the state's attorneys office in advance of the contemplated return of the special report.

Affidavit of Reporter.
Among the affidavits offered by the state today was one from a reporter of the same paper, who asserted he was at the court house on the day in question covering the indictment story and did not know of the special report until it was presented in court.

In his opening address Mr. Mortimer declared the special report had been accepted by the presiding judge and ordered spread upon the record at the same time the indictments were returned.

Judge Edwards interrupted to ask if it was true the record transferred here from Springfield showed such action by Judge Smith and the state replied that it did.

Assistant State's Attorney Pree and James H. Wilkinson, assistant attorney general of Illinois, expect to complete the state's arguments tomorrow or Saturday. The defense probably will require a day in reply and Judge Edwards will hand down his decision after Christmas.

FIRST COOPERATIVE COMMISSION FIRM

Will Open for Business at the National Stock Yards in East St. Louis Jan. 1.

EAST ST. LOUIS, Ill. — The first of the farmer owned and controlled co-operative live stock commission firms which organized farmers contemplate establishing at the large markets of the country will open for business at National Stock Yards, here on Jan. 1. This will be the opening gun of a nation-wide campaign "for more efficient live stock marketing" backed by the farm bureaus and co-operative live stock shipping associations of the country.

The new co-operative commission firm will be called the Producers Live Stock Commission Association. This association and those which will be established later at other markets are a part of the plan of the farmers live stock marketing committee of fifteen. This committee was appointed last February as representative of the producers of the country and spent eight months in investigating the industry, finally offering a national marketing plan that was unanimously ratified by producers in November.

The members of the board of directors of the new firm are: C. B. Denman, Farmington, Mo.; Joseph Fulkerson, Jerseyville, Ill.; A. E. Crum, Virginia, Ill.; W. W. Fugus, Monroe City, Mo.; C. B. Huntley, Charleston, Ia.; L. O. Grasser, Ursa, Ill. C. B. Denman is chairman of the directors and Mr. Grieser, secretary-treasurer.

The co-operative live stock commission firms, of which this is the first, are but one of three links provided for in the national marketing plan. The local co-operative shipping associations of the country are to be the foundations upon which the commission firms will be built and a national organization to be known as the National Live Stock Producers' Association will be established to bind together the local co-operative and the new commission firms.

REED IN ANOTHER ATTACK ON FOUR POWER TREATY

Characterizes the Agreement as Gold Brick—America is Too Generous

(By The Associated Press)
WASHINGTON, Dec. 15.—Another attack upon the four power Pacific treaty was made in the senate late today by Senator Reed, Democrat, Missouri, who characterized it as "a gold brick" and an "American-Japanese alliance."

Mr. Reed also turned on the American naval reduction proposals which, coupled with the four power treaty, he declared, made Great Britain absolute master of the seven seas for ten years. The combination of the treaty and a reduced navy, he declared, was a "dangerous concession, going to the entire limit of prudence."

"In substance and effect," he added, "it binds us never to have a navy greater than Britain. It concedes to Japan a navy out of all proportion to her wealth and population."

The 5-5-3 proposals submitted by Secretary Hughes was described by Mr. Reed as so generous to Great Britain and Japan that he could not but wonder whether it had come from the British government itself. At any rate he said, it was so generous and American had displayed such altruism that the United States ought not to be asked "to pay the price of foregoing the advantage she now has."

PRACTICAL WORK BY BLIND PERSONS

ST. LOUIS, Mo., Dec. 14.—Reports of practical work being done by blind persons disclosed the fact that local theatrical managers had given many free tickets to blind persons. The reports were made at a meeting of the Missouri Association for the Blind.

Miss Sarah Woods, who is 73 years old and blind, reported that during the last year she had cut 1,000 pieces of cloth which blind workers made into aprons and towels.

Four thousand dozen brooms and 50,000 cans of a cleaning preparation were included in the articles manufactured at a shop here conducted for the blind, according to James Huff, superintendent of the factory.

Miss Audie Ruenz, also blind, who visits the homes of blind persons in St. Louis and gives them lessons in type reading, writing and occupational work, said she had made 1,200 such visits in the last year.

AUDITORIUM WILL COST OVER \$6,000,000

Cleveland, O.—(By A. P.)—The new municipal auditorium, now nearing completion here, will be the most expensive building of its kind in the United States. When the doors are thrown open to the public it will have cost \$6,200,000.

If two wings, as called for in the plans are added, it means an expenditure of an additional \$2,000,000. Financing of the structure is done by the issuance of city bonds, the original issue being for \$2,500,000. This amount was expected to build the entire structure. Construction of the wings have been indefinitely postponed.

Operation of the auditorium which will have a seating capacity of 14,000 will cost more than \$2,000 a day, it was estimated by city officials. Interest and sinking fund charges on the \$2,500,000 bonds will bring the annual total expenses to approximately \$240,000.

PEACE ALSO IDEAL OF BUDDHISM

Honolulu, T. H.—(By A. P.)—The international conference on armaments and far eastern questions now convened in Washington will bring about the assurance of peace of the world, "which is the ideal of Buddhism as well as Christianity," according to Dr. M. T. Kirby, of England, a Buddhist missionary, who arrived here recently after having spent five years in Buddhist missionary work in San Francisco.

WILL GIVE MARRIED MEN THE PREFERENCE

Cleveland, O.—(By A. P.)—Unemployed married men will be given the preference for the extra clerks and carriers positions during the holiday mail rush, according to Postmaster William J. Murphy. Heretofore these positions have been given to high school and college students, mainly because other help was not available.

FACTIONS TRYING TO FORM AN ALLIANCE

CHICAGO, Dec. 15.—Conferences held here today between the republican faction opposing Mayor William Hale Thompson and the regular democratic organization to discuss a coalition ticket for the 1922 county primaries, ended without reaching an agreement.

According to those attending the meeting there are many legal and technical obstacles that must be overcome before the proposed coalition ticket against the Thompson faction, could be regularly placed in the field.

C. OF C. DIRECTORS IN WEEKLY CONFERENCE

Reports Made by Various Committees — Invite Automotive Men to Join C. of C. Committee in Good Road Work.

Directors of the Chamber of Commerce met in regular session Thursday night in the Chamber of Commerce rooms, with President R. V. Rowe presiding. Reports were presented by the committees on sewers, hotels, Anderson Auto Light project, hard roads and poultry show.

Mr. Sullivan in referring to hard roads spoke of some minor differences about right of way over several proposed routes in the county, and suggested that since the state is expecting to proceed with hard road work in every county the coming year and so much work is in prospect, that any differences over right of way will be likely to retard the work in the particular localities where such differences appear.

Secretary Welch mentioned the advantages of co-operative work between the Chamber of Commerce, hard road committee and the one appointed by the Automotive Dealers association. J. G. Berger of the association spoke along the same line and the directors voted to ask the automotive men to work with them on all hard road projects.

Mr. Berger and T. H. Buckthorpe with James Alkire as members of special committee, gave a favorable report on the Anderson Controllable Auto Light project. Mr. Anderson and his associates expect to open a factory here and are receiving considerable support

from citizens in the financing of a company.

WOMAN LEGISLATOR DID NOT WANT JOB

But When She Was Nominated She Wanted to Win—Here Is How She Did It.

LOUISVILLE, Ky.—(By A. P.) Kentucky's first woman legislator did not want the office. She said so today. But when Mrs. Mary Elliott Flanery found that the Democrats of Boyd county had nominated her, over her protests, she wanted to win.

She did win, and in polling a majority of 250 votes, overturned a normal Republican majority of 1,500 in her county.

Mrs. Flanery attributes her success at the polls on her first political venture to the fact that she "knew everybody" in her county.

Born and reared in Eastern Kentucky, in the county that bears her paternal grandfather's name, she has the interests of that section very much at heart, she says. Improved highways, better schools, including free text books in public schools, and a normal school in her section for training teachers, are the improvements most favored by her.

The woman representative-elect is the daughter of the youngest son of the late Capt. John Lisle Elliott, a pioneer Kentuckian. Until ten years ago, when she moved with her family to Cattleburg, she lived in Elliott and Carter counties.

She is the wife of William Harvey Flanery, a practicing attorney, and is the mother of four children, three daughters and a son. One of the daughters is Mrs. Davis M. Howerton, of Ashland, Ky. Another, who formerly was Miss Dawn Flanery, is Mrs. H. Lisle Parker of Denver, Colo., and the other is Miss Dew Flanery. The son, John Elliott Flanery, is 13 years old. He aspires to a pageship in the house of representatives.

WANT UNITY IN FARM WORK

TOPEKA, Kan.—(By A. P.)—The Kansas State Board of Agriculture has made a move to remove dissension among, and merge the efforts of numerous organizations operating in Kansas with a common view towards co-operative marketing of farm products. It has called a conference of all "individuals, companies, and organizations interested in improving marketing methods" to meet with the state board, January 10, 1922.

The board recently had a hearing at which representatives of half a dozen co-operative organizations explained their respective marketing plans. As officially announced, the conclusion of the state board was: "It is the opinion of the Kansas State Board of Agriculture that the delay in putting into effect measures to correct defects in present methods of grain marketing is due largely to lack of joint action for common purposes on the part of the farmer organizations."

The board has publicly announced that it does not endorse or condemn any particular plan. It found them all greatly alike in essential detail, and declared that an adjustment of differences is certainly possible "if there is a will to bring it about."

"We submit that farmers desire results and are not in sympathy with factional dissensions that impede progress," declared the board's announcement, issued by its secretary, J. C. Mohler.

SIGNS OF UNREST STILL VISIBLE

After Effects of Outbreak Shown in Demands of Revolutionists.

LISBON.—(By A. P.)—Signs of unrest continued to be evident in this city for some weeks after the revolutionary outbreak of October 19 when ex-Premier major was assassinated.

For at least two weeks after that occurrence, manifestations were made by revolutionaries who demanded that the government put into operation the revolutionary program. Posters appeared on the walls of buildings calling upon people to rise and rebel against those who were alleged to be "driving them to starvation" and demanding that the government resign if it did not know how to govern.

One demonstration was made outside the Ministry of the Interior when a revolutionary officer, Major Salustiano Correia, delivered a speech in which he declared that "should the revolutionary program not be strictly fulfilled, I and all true republicans will again seize our arms to bring about the ends for which the revolt of October 19 was made."

Another orator delivered a speech in which he attacked profiteering merchants and capitalists. Foreign warships remained in the harbor for some weeks following the revolt.

FACE PAINT COSTS AS MUCH AS HOUSE PAINT

St. Louis, Mo.—By the A. P.—Expenditure for cosmetics almost equalled the amount spent for house paint in St. Louis this year, according to estimates. A local wholesale drug company stated the annual bill for face paint, powder, etc., approximated \$3,000,000 and the bill for paints and varnish totalled about \$5,000,000.

Scott P. Carter has returned from St. Louis where he went to consult a noted specialist for a throat affection. Mr. Carter is improved and will return to St. Louis Monday for further treatment.

Men of Last Year's Squad Receive Honor Sweaters and Letters—Presentation Made at Chapel by Dr. J. G. Ames

At the regular weekly student meeting held in the Illinois college chapel Thursday morning, honor sweaters and letters were presented to the members of last year's basketball team by Prof. J. G. Ames, faculty member of the athletic council.

To be eligible to receive a letter and sweater, a member of the team must not only compete in seven or more games, but he must also complete at least twelve semester hours of his school work at the end of the semester in which his competition.

The sweaters are beautiful blue coat sweaters with a roll collar and have white service rings on the sleeves and white basketball letters on the chest. Those men who received sweaters are former Captain Cully, Westbrook, Captain Mellon, Jones, Burrus, Brown, Harney and Farrell. All of these men are members of this year's team, except Brown, who will probably join the squad after the holidays.

MILLER GROCERY STORE IN NEW OWNERSHIP

Harry Furry and Sons Name of Business Firm Now in Possession—Building Long Used For Grocery Stock.

By an agreement entered into Thursday morning, Harry Furry and sons became the owners of the Matthew Miller grocery store located at No. 11 West Side square. Negotiations have been under way for some days past but the sale was not made until Thursday morning, when immediate possession was given.

Mr. Miller, who ranks as one of the older business men of Jacksonville, will retire at least temporarily from business. He has not made known his plans but his many friends are interested in knowing that he has no thought of leaving the city.

Mr. Furry has been the manager of the elevator and store at Merritt at the elevator at Riggs. He has been associated with the grain business in this locality for a number of years past and he and members of his family are held in the highest esteem by those who know them.

Before coming to Jacksonville Mr. Furry was engaged in the mercantile business and so has had ample experience. His sons, John and Robert are members of the firm as is Mrs. Furry, who has also had business experience. It is the hope of the new owners by careful attention to details to enlarge the business as time passes.

A grocery store was established at No. 11 West Side Public Square in 1852 by Andrew and William Russell. Then in some later years the firm name became Russell and Hayden and for one year the style of the firm was Hayden & Ranson. Subsequently G. and A. Hayden were associated and then Alfred Hayden succeeded to the ownership. In 1876 William Miller entered the employ of the firm of Russell & Hayden and the year following his brother Matthew took a position with them. They were faithful and painstaking employees and in 1890 succeeded to the ownership of the store. Their partnership continued until two years ago, when William Miller removed to Oak Grove, Ore. Matthew Miller has been assisted in the business by his son Emmett.

As there are various business details to be closed Mr. Miller will remain at the store for several weeks. As indicated, Mr. and Mrs. Furry and their sons are people in whom the public has confidence and there is every reason for the belief that they will conduct a successful establishment and have the success to which they are justly entitled.

FOUND ROAD IS IN GOOD CONDITION

Committee From Chamber of Commerce Made Inspection Trip to Valley City.

The Ocean to Ocean highway to Valley City is in good condition according to reports made yesterday by W. E. Sullivan, T. M. Tomlinson and Secretary Welch of the Chamber of Commerce, who drove to Valley City on an inspection tour.

The road near the ferry had been reported in a bad way but the Jacksonville men found that a considerable amount of work had been done there by W. W. Cook, owner of the ferry, and as a result the road is now in a very passable condition.

In recent weeks many wagons laden with corn have traveled over the road and some heavy runs were cut. Mr. Cook at his own cost had the roadway improved and some work with rock and gravel is still in progress.

CLUBS AND SOCIETY

Missionary Society Met Thursday

The Women's Home and Foreign Missionary Society of Northminster church met Thursday afternoon at the church. The devotional leader was Mrs. Henry Day and the literary leader, Mrs. W. E. Spoonis. Readings were given by Mrs. W. E. Spoonis and Mrs. George L. Coraor. After the regular routine of business the meeting was adjourned.

Helping Hand Class of Hebron Met Yesterday

The Hebron Helping Hand class met at the home of Mrs. Dan Ward Thursday afternoon with fifteen members present. This was the Christmas meeting and a pretty tree of presents was the feature of the afternoon. Mrs. Albert Swain led the devotional service and Mrs. Albert Hopper read a Christmas story. Roll call answers was a quotation on Christmas. After the program an apron sale was held. A donation of \$10 was voted to the tuberculosis sanatorium during the business session, as a Christmas offering. The next meeting after the refreshments after the business meeting. Next meeting, Dec. 29, is the time for the annual election of officers. Mrs. A. G. Waterfield will be the hostess.

Marys and Marthas Had Annual Christmas Party

The annual Christmas party and business meeting of the Marys and Marthas class of Grace M. E. church was held Thursday afternoon in the blue room of the Peacock Inn. There was a large attendance and an interesting session was held. Mrs. A. S. Nebold, president of the class, presided. Reports for the past year indicated a great deal of worth while work accomplished. The afternoon was the reading of two letters, one from Mrs. Blackburn, former member, who is now resident in Champaign, and the other from Mrs. R. S. Nelson, who is spending the winter in Plattsburg, N. Y.

Two musical numbers added greatly to the pleasure of the event and were given by Mrs. D. R. Kennedy and Mrs. H. J. Floereth. The program ended with the singing of "Blest be the Tie That Binds," after which a splendid luncheon was served.

Entertained at Country Home

Mrs. Albert Hall pleasantly entertained a number of friends at a comfort tacking at her home northwest of the city Thursday. At the noon-time a duck dinner was served and in every way the event was one in which the guests found pleasure. The company included Mrs. F. E. Bracewell, Mrs. Walker Henderson, Mrs. Emma Cully, Mrs. Clyde Black, Mrs. John Henderson, Misses Elva Bracewell, Rose Henderson, Elsie Cully Dorothy Houston and Louie Henderson.

Past Noble Grand Club Met With Mrs. Suby.

The Past Noble Grand club of Rebekah Lodge No. 13 met with Mrs. Minnie Suby of West Morgan street Thursday evening with a good attendance. Following the business session Miss Frances Aldre gave a reading. During the evening the hostess served refreshments. Mrs. Alice Cummings, Mrs. Minnie Linderman, Mrs. William Suby and Miss Angella Carlson were guests of the club. The next meeting will be held with Mrs. J. L. Pine, January 19.

Ladies Aid Held Birthday Party

The December birthday party of the Ladies Aid of Centenary church was held at the home of Mrs. George Chambers on West Morgan street Friday afternoon. A large number of the ladies were present. Mrs. Kelly, chairman the sewing committee reported that 41 garments had been made and 21 books and toys had been donated. The garments, books and toys will be given to the Social Service league for the poor children of the city. One layout has been made and will be given to Passavant hospital also a large donation of fruits, jellies and vegetables were received at the meeting for the hospital.

Mrs. Anna Norton of the quilting committee reported that \$10.75 in cash had been received since September and another quilt was almost finished. The visiting committee for December will be composed of Mrs. Hoover, Mrs. Godfrey and Mrs. Weber. The banquet for the Epworth League will be served by the Ladies Aid. At the close of the meeting delicious refreshments were served and were enjoyed by all. The hostesses were Mrs. P. R. Louch, Mrs. Ira Patterson, Mrs. T. B. Reeve, Mrs. Fred B. Six, Miss Josephine Hairgrove, Mrs. J. T. Mutch and Mrs. George Chambers.

Great Throng at Christian Church Supper and Bazaar

The annual turkey supper and bazaar of Central Christian church yesterday drew a very large attendance. The bazaar ran thru the afternoon hours and the patronage was liberal. Mrs. Clarkson's Auditorium class had an apron sale and Miss Eleanor Thompson's class conducted a county fair, where various fancy articles were offered for sale. Other bazaar departments were: Miss Devesee's class, dolls; Dr. Wait's class, candies; Mrs. George T. Douglas' class, handkerchiefs. At 5 o'clock under the auspices of the Pastoral Helpers with Mrs. Lillian King at the head of the committees, the serving of the turkey supper was begun. During subsequent hours 625 people

PLANS ARE COMPLETED FOR DOUBLE HEADER

High School and Illinois College Will Stage Double Combat—First Game Starts at 7:45 o'clock with J. H. S. and Camp Point

Plans are all set for the double header basketball games tonight. Efforts to shift one of the two games proved fruitless so the high school and Illinois college athletic managements decided to give the basketball fans a Christmas present in the form of two games for the price of one.

The high school game with Camp Point will begin promptly at 7:45 p. m. and as soon as it is finished, the Illinois college-Macomb Normal game will be on, starting about 8:45 p. m. Admission, which covers both games, will be fifty cents, with a special rate of thirty-five cents to students. Admission for high school students and for Illinois college students will be on the same plan as for single games played by the two teams.

Coch Mitchell is not saying much about his team and prospects, but it is known that he has been working over-time in preparation for this opening game. Camp Point has played seven games and has won them all. Last Saturday night they defeated Quincy high school in a real game, by a score of 17 to 15. One thing is sure, the Red and White will give them a battle all the way tonight.

Illinois college will probably start the same team as opened against Lincoln college last week. Antrobus and Frazer, at forwards, Captain Mellon at center and Cully and Jones at guards. There will be three other college teams on the floor, hoping to break into the contest. If the Macomb team plays as close a game as Lincoln did, there will be little chance for substitutions, unless the men who start do not go well.

All in all, the evening promises some real sport. Provision is being made to use every available seat because a capacity crowd is expected.

KIWANIS CLUBS TO SHOW CHRISTMAS SPIRIT

Members to Give Cheer to Needy Families—Ensign Hopper Told Club About Old World Travels.

Ensign Frank Hopper, who is a guest at the home of his parents here was the speaker at the Kiwanis club luncheon at the Peacock Inn Thursday noon. President E. E. Farrell presided and the attendance prizes were awarded. Then Mr. Farrell read a letter from Harry E. Karr, president of the International Kiwanis club, urging the observance of Christmas by all Kiwanian clubs.

The suggestion is made that every Kiwanian prepare a Christmas basket for some needy family and deliver it personally. The suggestion is also made that before the baskets are prepared and distributed that the members acquaint themselves with the actual facts surrounding the families that they hope to aid.

Ensign Hopper has spent a number of years in Turkey and traveled extensively in other countries, so that he is able to speak from a rich experience. In his informal address yesterday he told numerous interesting incidents of travel and those in the company were given a very vivid picture of life and conditions in the eastern country.

ENGINEER INSPECTED CITY SEWER SYSTEM

Mr. Habermeyer of State Water Survey Visited in City Thursday.

G. C. Habermeyer, engineer connected with the state water survey was present at a special meeting of the sewer committee Thursday afternoon and advised with the committee concerning the need of an adequate sanitary sewer district.

Mr. Habermeyer went over the preliminary plans and inspected the various outlets and was much impressed with the needs of Jacksonville and its outlying districts. He stated that Jacksonville was in need of adequate sewerage.

At this meeting attention was called to the pollution of soils by sewage.

Mr. Habermeyer went over the preliminary plans and then in company with H. L. Caldwell visited the two main sewer outlets and made some other inspection. The visitor expressed the greatest interest in local conditions and plans and had no hesitancy in testifying to the need there is for the early betterment of conditions.

Mr. Habermeyer now has no direct relationship with the sewerage problems of the state but has had many years of experience in this line of work. Jacksonville people hold him in especial regard because of his services to the city in aiding to solve the water supply problem for this city.

FUNERALS

Parks

Funeral services in memory of the late Mrs. George Parks were conducted at the Reynolds chapel at 10:30 o'clock Thursday morning. The services were brief and were in charge of Rev. Mr. Boone of St. Louis. Later the remains were in charge of Rev. Mr. Boone.

Davenport

The funeral of the late James H. Davenport was held at 9:45 o'clock Thursday morning from the Gillham Funeral home, in charge of Rev. A. P. Howells, pastor of First Baptist church. Following the service in this city the remains were conveyed to Union Baptist church at Pisgah, where services were held in charge of Rev. Mr. Howells, assisted by Rev. Edward Curry.

The floral tributes were cared for by Mrs. W. W. Gillham and Mrs. Henry Strawn. Music for the occasion was furnished by a quartet composed of Mrs. Hackett Wilder, Mrs. Ellis, Messers Homer Wood and Roy Blauvelt.

The pall bearers were Messrs. Benjamin Davenport, John Davenport, Marion Davenport, William Davenport, S. J. Camm and A. A. Curry.

BIRTHDAY SOCIAL FOR BROOKLYN WOMEN

The December birthday social of Brooklyn M. E. church was given at the home of Mrs. J. W. Henley, 717 South Clay avenue, Thursday with Mrs. Eva Potter, Mrs. J. H. Clements, Mrs. Max Gehring and Miss Margaret Jefferson as assistant hostesses. A short program was presented.

Mrs. G. W. Randle sang a group of songs; Miss Nettie Platt read a Christmas story and Mrs. Nina Gaskins played several piano numbers. During the afternoon a business hour was held, but most of the time was given to the social. Dainty refreshments were passed toward the close of the afternoon.

Mrs. Harry Mandeville of Sinclair was a Jacksonville visitor Thursday.

Alvin Shumaker and Henry Damer came up from Chapin yesterday on business matters.

ILLINOIS BLUE BOOK IS READY

State Reference Work Issued Every Two Years Will Be Distributed By Secretary of State Emmerson.

The Illinois Blue Book for 1921-1922 is now ready for distribution by Secretary of State Louis L. Emmerson.

It is the largest and most comprehensive Blue Book ever issued, containing about three hundred pages more than the last one and comprising statistics and data on a wide variety of subjects relative to the state and state government never included in previous issues.

Explanatory Note. In the preface, Secretary Emmerson, who publishes the book every two years, says in part:

"The Illinois Blue Book, during the twenty years in which it has been issued by the secretary of state, has grown from what was little more than a legislative roster to the present volume of a thousand pages packed full of information relative to the state government."

"The present volume describes the great strides made in road building, the development of the extensive park system, the beginning of work on the waterway, the humane methods in use in the state institutions and contains articles on a number of other timely subjects."

Scope Greatly Increased. "But it is as a state encyclopedia of useful information that it invites special attention. The scope of information included in this volume is much wider than has ever before been attempted in a Blue Book."

"The book is very profusely illustrated. Among pictorial features in addition to the useful portraits, are halftones of scenes in the state parks, monuments in Illinois and on Civil War battlefields, where Illinois soldiers fought, the state buildings at Springfield, state armies in various cities buildings and officials of the University of Illinois, and fine normal schools, typical scenes at the state institutions, and maps showing the progress in road building, the county boundaries and various apportionments and congressional and senatorial districts in Cook county."

"A section of the book is devoted to the city of Chicago. Another new feature found in this volume is the elaborate indexes. There is an index of former Blue Books, making it possible to ascertain what articles and what information of a special character have been printed in all of the Blue Books, beginning with 1899."

"The number of volumes issued in the first, but a copy will be sent public for reference purposes. A copy also will be sent to each of the libraries in the state in order that it may be available to the people."

CROP PROSPECTS IN
FLORIDA ARE FINE
 New Crop of Grape Fruit and
 Oranges in Fine Condition Ac-
 cording to Letter from Journal
 Correspondent at Fort Myers

 Some facts about present crop
 conditions in Florida are given
 in a letter written to The Journal
 by Miss Mabel Goltra, who is
 spending the winter in Fort
 Myers.

 The letter also makes reference
 to plans which the city is making
 for the holidays, and reads as
 follows:
 "Fort Myers, Fla., Dec. 12.—
 To the Editor of The Jackson-
 ville Journal: Fort Myers is ar-
 rayed in her Christmas attire,
 ready for the holidays. Every-
 where the beautiful poinsettias
 and red hollyhocks are in full
 bloom and are very brilliant in
 the tropical sunshine. Some of
 the poinsettias are as tall as the
 low-roofed bungalows, with blos-
 soms from 15 to 18 inches in
 diameter. Christmas trees are
 very plentiful as they grow in
 many places along the roadside.
 The children have their firecrack-
 ers on Christmas as well as on
 the Fourth of July, which seems
 quite odd to us."

 "Fort Myers has a very hand-
 some court house, built of stone
 and surrounded with beautiful
 palms where Christmas day,
 Waunders "Bethlehem" will be
 sung by the musical club, on the
 steps beneath the waving palms.
 "Since writing my last letter
 to The Journal, I have motored
 over 200 miles through Lee coun-
 ty, with friends, and have noticed
 that the new crop of grape fruit
 and oranges looks very fine where
 the groves have had care."

 "A few years ago a notice of
 Andrew Carnegie married M. R.
 Kellum, a Lee county resident.
 This summer they built a \$75,000
 house here and have some very
 fine boats. Mr. Kellum is edu-
 cating several Fort Meyers' children."

 "Some people who have come
 to Fort Myers during the past
 year suffering from asthma have
 been almost cured. One is the
 Presbyterian minister, Dr. Benn,
 whose wife is from Edwardsville,
 Ill. When John Wanamaker was
 here he urged Dr. Benn to accept
 the pastorate of his church in
 Philadelphia. Dr. Benn was a
 guest of Mr. Wanamaker and
 preached two Sundays in his
 church, but did not accept the
 call as he wished to stay in Fort
 Myers longer."

 "Dr. J. W. Baird, of Battle
 Creek, Mich., is the founder of
 a deer park which he planned
 this summer only a short dis-
 tance from our apartment. Four
 deer have been placed in the park
 but one of them only lived over
 night, for he ran into the wire
 fence, catching his antlers and
 breaking his neck. He was such
 a handsome young buck that we
 all felt sorry about the accident.
 The other deer are quite happy
 in this natural park, under the
 shade of grape fruit and quava
 trees. They are fond of quavas.
 The park will furnish some en-
 tertainment for tourists."

 "A new history of Florida will
 be published as Dr. H. G. Cut-
 ler, research historian, represent-
 ing the Lewis Publishing com-
 pany, of Chicago, is collecting data
 for three volumes of illustrat-
 ed history of the state. They
 plan to spend two years in the
 work of finally producing a com-
 plete and reliable history. It
 has been forty years since any
 sort of a history of the state
 was written."

 "Yours truly,
 "Mabel H. Goltra."

THE ECONOMY

BAKING POWDER

CALUMET

Calumet possesses the farthest-reaching baking powder economy. It is the most economical leavening agent. It saves in more ways—and makes more important savings than most other baking powders.

You save when you buy it. The price is moderate—it leaves you money over the cost of high-priced brands for purchase of other articles. Costs but little more than cheap powders—far more valuable in quality.

You save when you use it. Possesses more than the ordinary raising force—you use only half as much as is ordinarily required.

You save materials it is used with. Calumet never fails with any kind of recipe or with any kind of flour—always produces perfectly raised, delicious bakings.

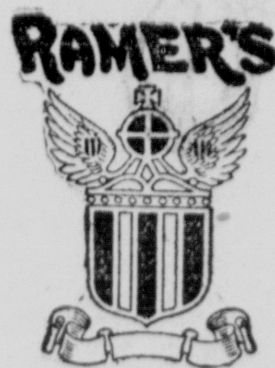

You'll notice a great difference when you use Calumet. Calumet produces light, sweet, wholesome, flaky bakings. You will notice with some of the cheaper brands the bakings are soggy, heavy, dark in color, and sometimes have a bitter taste.

Used by leading chefs and domestic scientists, and by more housewives than any other brand. Made in the world's largest and finest baking powder plants.

Best by test. A trial proves it.

The Law Says 16 oz. to a Pound •
A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

A Delightful Variation

A box of Ramer's Dairy Chocolate Creams is a distinctly different confection and quality than you have probably ever tried. It pleases the most discriminating and has proven a most popular selection.

Many other delicious assortments. Some with fruits, nuts and cream combinations, another has hard, chewy center chocolates, such as Butter Scotch, Caramels, Coconut Taffy, Honey Nougat, Nut Brittle, Say-cettes and Virginians.

There is quality in every package and your pleasure of assortment is met in the variety of packages in which Ramer's is packed for your particular fancy.

FORMER RESIDENT DIED IN PEORIA

Death of Mrs. John Boland Came Tuesday Evening After Long Illness—Sister Died on Same Day.

Relatives here have received news of the death of Mrs. John Boland, which occurred at the family home in Peoria at 11:05 o'clock Tuesday evening. The deceased, who formerly resided here, had been in failing health for some time and her death was not unexpected.

Mrs. Boland had many friends in this community, all of whom will deeply regret to learn of her death. The family home was maintained in this city until five years ago when removal was made to Peoria.

Miss Emelie Saner, a sister of Mrs. Boland, passed away at 5:30 o'clock the same day as the result of a paralytic stroke which she suffered Sunday night. Miss Saner formerly resided in Springfield but for some time had made her home in Peoria.

Mrs. Lawrence Quinlan of this city, a daughter of Mrs. Boland, has gone to Peoria to attend the funerals, which will be held at 8 o'clock this morning from St. Barbara's church in charge of Rev. Father Salinan. Interment will be made in Peoria.

BITTER BLOODLESS FUED IN KENTUCKY

Seldom Is One of This Kind Fought in That State—Is on Retention of Court Day at Cheapside.

LEXINGTON, Ky.—(By A. P.)—Kentucky has had its fueds in the mountains and its duels in the Bluegrass and the purchase but not for a century has a more bitter bloodless feud been fought than that now being staged in the courts here between the farmers of Fayette county and the city dwellers of Lexington.

For the city dwellers have decreed that "Court Day" on Cheapside, a block in the center of the city, an institution of a century's duration, must go. And the farmers say that "Court Day" must stay.

The courts have decided in favor of the city dwellers once, but a mistake was made in not including the county in the suit to abolish the custom of farmers bringing their horses and mules and livestock of all kinds to Cheapside for sale and the people of the countryside gathering in the shadow of the statue of John Cabell Breckinridge, former vice-president of the United States, to discuss the political issues of the day. For, it develops, Cheapside has for a hundred and sixteen years been the property of the county.

Back in 1790 Cheapside was the center of the city of Lexington, then the metropolis of the west. At that time the city trustees ordered the first market house erected on the square. The plow and the stocks, the public well and the courthouse (as at present) stood on Cheapside. There on Wednesdays and Saturdays the country people brought in their produce and the city dweller and the country dweller met and traded and swapped tales and talked politics. In the later years James Lane Allen, a Kentucky writer made Cheapside famous with his description of the monthly "Court Day," the last of the ancient institutions of central Kentucky.

In 1895, it develops, the city of Lexington decided Cheapside to the county of Fayette. Since that time the county has been responsible for it.

In late years the brick pavement of Cheapside has become pitted and rough. On court days it is crowded with farmers and livestock and wagons loaded with produce—this once a month. For many months there have been complaints of the unsightliness of Cheapside and the apparent lack of authority by the city police. So action was started in Circuit Court to force the city to "abate the nuisance." The Circuit Court ordered the "nuisance" abated. But the court did not count on the county. Now the action has been revised thru filing of a petition by the county declaring it alone has jurisdiction over this plot of ground, containing perhaps a quarter of an acre, in the heart of the city.

What the result will be cannot be told until the Circuit Court again acts and Court of Appeals has its final say.

But one thing is certain, the country folks are going to fight to the last ditch to retain their plot of ground in the city where they can gather and sell their stock and talk politics.

One custom of Cheapside that has long passed but of which James Lane Allen tells in his story was the settling of physical encounters and drinking. Of the latter Mr. Allen says: "Another notable recreation of the day was the drinking. Indeed the two pleasures went marvelously well together. The merchants kept barrels of whiskey in their cellars for their customers. Bottles of it sat openly on the counter."

WHITE HALL CLUB OBSERVES GUEST DAY

Domestic Science Association Met Tuesday Afternoon with Mrs. H. O. Potts—Other News from White Hall

White Hall, Dec. 15.—Guest day was observed by the Domestic science association Tuesday afternoon, the meeting being held in the home of Mrs. H. O. Potts, on West Franklin street, and there was an attendance of forty members. Suggestions for Christmas were followed by a demonstration of baking cookies, and cookies and grape fruit constituted refreshments. It was decided to share the proportional extra expense of the plan of the Woman's club to engage a bird expert to deliver an address in Princess theater in January, which is to embrace the co-operation of the junior high school. The engagement is reported to be a very important one. A bill was allowed for a bedside table presented to the Walton hospital. There was a reading by Miss Dorothy Singleton, and the musical numbers included vocal solos by Mrs. Ruby Brown and Mrs. Nieta Denny and a vocal duet by Mr. and Mrs. Harry Littleton.

At the annual election of officers of Evergreen camp, R. N. A., Tuesday evening, Mrs. Quinny McFarland was elected oracle to succeed Mrs. Belle Potts, who has held the place some twenty years, and who declined reelection on account of deputy work consuming a large portion of her time. She is now being engaged in organizing a large class in Jacksonville. Other officers elected are: Past oracle, Lillie Frame; vice oracle, Lillie Halbert; recorder, Alice Scott, sixteenth term; receiver, Theresa Haddock; chancellor, Cora McClure; managers, Sue McAvoy, Ada Brannan; marshal, Sophia Smith; inner sentinel, Birdie Young; outer sentinel, Elsie Harrison; physicians, Drs. Knox, McLaren and Tunison.

Porter lodge, K. of P., elected the following officers Tuesday night: C. C. H. T. Johnston; V. C. C. F. Weis; prelate, Beal Smith; M. W. Troy Vermillion; inner guard, Carl Bishop; outer guard, Glen O. Campbell; M. F. A. M. Nevius; K. R. S. A. B. Irwin; trustee, C. F. Weis. The team has been kept busy in recent weeks. Last week a pilgrimage was made to Greenfield in company with the Roodhouse team, and the Greenfield lodge was given quite an awakening.

M. E. Brown came over from Springfield today and greeted faces of his old home town. It is over twenty years since he left White Hall, and he essayed to "kid" the boys here. From the first he found it difficult to conceal his identity, when he accosted Clyde King.

STOCK MARKET MOVED TO HIGHER LEVELS
By Associated Press.
NEW YORK, Dec. 15.—On a
turnover approximately 1,000,000
shares the stock market today
moved very generally to higher
levels the railway list being the
only important department to
manifest hesitation or irregular-
ity.

Oils, metals, motors, the cheaper
coals and numerous other
issues were carried forward by
the extent of the buying power.
The rise was at its height in the
final hour, regardless of call
money's unexpected advance to six
per cent.

Among the strong stocks were
Atlantic Gulf, United Fruit, American
International, Mercantile
Marine preferred, Corn Products
and Anaconda. Utah Coppers,
these making gains of one to
three points.

French and Belgian currencies
were depressed as a result of the
announcement that the German
government would be unable to
meet fully the reparations pay-
ments maturing in January and
February. German marks showed
only slight depreciation.

The feature of the bond mar-
ket was the New York City \$55-
600,000, 4 1/2 per cent fifty year of-
fering, which went to a banking
syndicate on what was regarded
as satisfactory terms to the
municipality. The general bond
list was active and steady al-
though lacking in special developments,
aside from new high records for
the year by both issues of Victory
notes. Total sales, par value,
\$17,775,000.

GRAIN PRICES
SHOW STRENGTH
By Associated Press.
CHICAGO, Dec. 15.—Grain
prices developed strength today as
a result of gossip that congress
would appropriate funds for the
purchase of 150,000,000 bushels
of corn and 3,000,000 bushels
of wheat for Russian relief. Wheat
closed strong 1c to 1 1/2c higher
with May \$1.12 1/2 to \$1.12 3/4 and
July \$1.03 1/2 to \$1.03 1/4. Corn
gained 1/2c to 3/4c and oats 1c to 3/4c.
In revisions the outcome was un-
changed to 2 1/2c up.

At first the wheat market
showed a downward tendency be-
cause of prospect of rain or snow
likely to afford relief from
drought in the southwest. It
being the fifth day of declining
prices however, selling was only
half hearted and caution on the
bear side was further suggested
by a drop in receipts at Northern
terminals. Gradually attention
of traders began to focus on the
possible market affects of a propo-
sal at Washington to expend
\$20,000,000 to buy foodstuffs for
Russia.

Consequent increase of bullish
sentiment itself first in the corn
pit but later was much more
manifest in the wheat market. Ac-
tive commission house buying of
wheat followed, especially during
the last half hour.

Reduced crop estimates from
Canada counted as a further
stimulus at the finish.

Upturns in corn and oats as
well as in wheat were mainly
ascribed to Russian relief talk.
On the other hand liberal sales of
corn to go into storage here acted
somewhat as a counter-balance.
Scattered buying on eastern ac-
count upheld provisions.

WOULD INCREASE CORN CONSUMPTION

"Corn-for-Food" Movement As Fostered by the Railroads — Increase in Uses Needed for Agricultural Growth

A movement aimed at solving one of the great economic problems of today, the more extensive and efficient utilization of America's greatest agricultural product—corn, has been initiated by a railroad officer, R. L. McKellar, foreign freight traffic manager of the southern railway, and is now being taken up by railroads throughout the country.

Mr. McKellar's first suggestion was contained in a letter to C. H. Houston, assistant secretary of commerce, last August, calling Mr. Houston's attention to the extremely low percentage of exportation of corn and corn meal as compared with the exportation of wheat and flour and suggesting that "it be made possible that foreign countries, particularly those countries which must be supplied thru relief committees as in the case of Russia, may be induced to utilize corn to a greater extent than heretofore." Mr. Houston, in turn, discussed Mr. McKellar's proposals with Secretary Hoover, and a general movement was soon under way, resulting before long in the inclusion of corn products—hominy grits and corn flour—in the rations sent abroad by the American relief administration and the near east relief.

The importance of solving this problem is so great and is filled with so many possibilities for American agricultural and industrial interests that it is well to review here certain facts which, however well known to the farmer, will still bear repetition.

Corn is America's greatest asset and its production represents one of the greatest industries in the United States. The acreage devoted to the raising of corn each year almost equals the combined acreage given to the production of all the other large cereal crops combined. In 1920, 104,601,000 acres were planted in corn, whereas the wheat, oats, rye and barley crops were raised on 113,641,000 acres. The production of corn in 1920 actually exceeded the production of these other cereals crops combined. 3,232,367,000 bushels of corn being produced as compared with 2,584,525,000 bushels of the other cereals.

Value of Crop
The value of the corn crop in 1920 was \$2,189,721,000, slightly less than the crop value of the previous four years, despite a little change in the acreage and an increase in the yield per acre. The value of the corn crop likewise exceeded the value of the other cereal crops combined in 1920 by \$102,593,000. The estimates for the present crop year indicate that last year's production record of 3,232,367,000 bushels will be equaled and perhaps passed because of the favorable weather which in August alone added 154,000,000 bushels to the export crop.

Despite the greatness of this industry, the value of the crop, not only in dollars and cents but in fact values, has been devoted to it, etc., it is variously estimated that between eighty-five and ninety per cent of the crop never leaves the country in which it is raised because it is either used to feed the stock or in some cases burned as fuel. How much more economical it would be to export a large part of this crop as corn products, use the offal obtained from the milling process to feed stock—and experts say that it is fully as good as feed as the whole corn—and so right this unsound economic condition! The figures on corn exports are interesting in this connection.

Figures on Exports
During the period from 1896 to 1900 the exports of domestic corn averaged 178,470,359 bushels per year, or 8.53 per cent of the total domestic production. This represents the high point in corn exports. From that four-year period down to 1920 there has been a steady decline until in the latter year but 16,728,746 bushels of domestic corn were exported, or 59 per cent of the total domestic production.

This year, however, corn exports in the nine months ending with September, totalled 105,000,000 bushels as compared with but 11,000,000 bushels in the same months last year.

This promises that the corn exports this year will exceed any year's mark for the last twenty years. These latest export figures show the result of the first steps taken toward the solution of the problem, the inclusion of corn products in the rations for European relief work.

Mr. McKellar's proposed solution of this corn utilization problem depends largely upon the education of the public both in Europe and in our northern and western states regarding the food value and relative cost of corn products. It will be necessary, for instance, everywhere to drive home the fact that corn products are interchangeable with other cereals as far as nutritive value is concerned and they are at the same time far cheaper. These points have been pretty definitely established by competent authorities, but it is necessary to do a great deal of educational work before they will be generally recognized, especially by Europeans.
